### Senate Fails To OK Hilbert For Labor Post

LANSING (AP) — The Senate has rejected the appointment of Frederick Hilbert as commissioner of labor—the first time in memory of capitol observers it has failed to confirm a former senator.

A last-minute attempt of Senate dean Haskell Nichols, R-Jackson, to have Gov. George Romney withdraw the appointment failed and the senate voted 13-21 Thursday against confirmation.

It was the first appointment lost by Romney in his 2½ years as governor — including nearly 140 approved by the Democratic Senate this year.

All 13 "yes" votes came from Republicans. Sen. S. Don Potter, R-Lansing, joined 20 Democrats in rejecting Hilbert.

Majority leader Raymond Dzendzel, D-Detroit, said Democrats did not believe Hilbert was qualified for the labor post. Democrats blamed Romney for putting them in the position of breaking precedent by rejecting a former colleague.

"We did not ask to be put in this position," said Dzendzel. "The governor forced our hand. I talked with the governor and asked if he would withdraw the name. Apparently he couldn't."

Romney said at a Thursday morning news conference no one had offered him a substantial reason why Hilbert, a Wayland Republican, should not be confirmed.

### Auto Smashes New Entrance Of Ypsilanti Press

YPSILANTI (AP)—It will be much easier for workmen to get a foot in the door of a building being remodeled to serve as the future home of the Ypsilanti Press.

Following a March, 1964 fire, the paper began replacing the building's entranceway. The glass and metal facade was completed just over a week ago.

Thursday night Bonnie Lou Russell, 24, of Ypsilanti, drove her car into a light pole, careened off a nearby truck, through the glassed in entrance and into the lobby of the building.

The entranceway was destroyed. Miss Russell was ticketed for reckless driving.

### Chaos Conquest Called Menace By President

WACO, Tex. (AP) — President Johnson announced today he is issuing orders to withdraw 1,700 American military men from the Dominican Republic.

But he warned at the same time that in the hemisphere "we can expect more efforts at triumph by terror and conquest through chaos." And he called for "new international machinery geared to meet fast-moving events."

In an address prepared for commencement exercises at Baylor University — once headed by his great grandfather George Washington Baines — Johnson said, "When forces of freedom move slowly — whether on political, economic or military fronts — the forces of slavery and subversion move rapidly and decisively."

**Lessons Learned**  
The president said that one of the lessons learned during the past four weeks in the Dominican Republic is that "it is clear that we need new international machinery geared to meet fast-moving events."

"When hours can decide the fate of generations, the moment of decision must become the moment of action," he added.

The 1,700 troops the President said are being withdrawn are in addition to 1,600 he said have been withdrawn over the past two days.

And Johnson said he has instructed Lt. Gen. Bruce Palmer, commander of U.S. forces in the Dominican Republic, "to discuss possible further withdrawals" with Gen. Hugo Panasco Alvim of Brazil, commander of the Organization of American States forces in the revolt-torn Caribbean country.

**Fast Action Defended**  
Johnson said the necessity for quick action is one of "the new realities" made apparent by the Dominican situation.

The President has been criticized in some quarters for not advising other hemisphere nations before announcing his decision April 28 to send military forces to the Dominican Republic.

Today, in discussing the Communist threat within the hemisphere, Johnson said: "We know that when a Communist group seeks to exploit misery, the entire free inter-American system is put in deadly danger. We also know that these dangers can be found today in many of our lands. There is no trouble anywhere these evil forces will not try to turn to their advantage. We can expect more efforts at triumph by terror and conquest through chaos."

**Better Life Is Goal**  
The President, speaking of U.S. goals, said, "We want for the peoples of this hemisphere only what they want for themselves — liberty, justice, dignity, a better life."

Johnson said that more than a few agitators were needed "to bring on the tragic and cruel bloodshed in the Dominican Republic."

He said they had "additional help and a deeper cause." The President associated the "deeper cause" with areas where the poor and the oppressed find difficulty entering the gates of opportunity.

In this situation, he said, the United States must try to "narrow the gap between the rich nations and the poor — and between the right people and the poor within each nation."

Johnson called this "the heart of the purpose of the United States."

**No Details Given**  
In urging new international machinery, Johnson gave no details of what he had in mind.

However, it was believed he felt that the multinational force now trying to keep peace and promote stability in the Dominican Republic might serve as a precedent for inter-American efforts if other nations face similar upheavals.

Johnson emphasized that "for the first time in history the Organization of American States has created and sent to the soil of an American nation an international peace-keeping force."

He said "that may be the greatest achievement of all."

Johnson reported that "the

## Democratic Fiscal Plan Strikes Snag

LANSING (AP)—The wheels of a Democratic fiscal reform program ground to a halt early today when legislators found they almost approved a flat-rate five per cent income tax on every self-employed person in Michigan.

Rep. James Karoub, D-Highland Park, discovered technical errors in a bill to convert the Business Activities Tax to a five per cent income tax on net corporate income less than an hour before it was scheduled for House passage.

The bill is the key element in a package of bills the Democratic leadership calls a step toward fiscal reform. It would have raised an estimated \$56 million a year.

### Deadline At Midnight

Karoub got a "stay" on the bill when he found what he thought were technical errors. A conference with Gerrit Van Coevering, deputy commissioner of the State Revenue Department, convinced legislators the bill, sponsored by Rep. E. D. O'Brien, D-Detroit, would have imposed the tax on all income over \$200 for every self-employed grocery store owner, barber or cab driver.

Repair amendments, inserting a sliding scale of net-to-gross income, were offered. But after hurried conferences, it was decided to hold the bill, and another in the package, over for final action today. The final deadline for passage of bills in the house of origin comes at midnight.

Said Karoub: "The way it stands now, every man and his dog, every gas station owner and barber, and every other self-employed

person will incorporate and pay himself a salary equal to the amount of his net income in order to avoid the tax."

### Revolt In Ranks

Otherwise, he added, the owner would pay the tax, while his employees got off free. He gave this example:

A gas station owner with one employee earns \$10,000 a year. He pays the employee \$5,000 upon which there is no income tax, then pockets the remaining \$5,000 only to find he must pay the flat five per cent.

"I'm firmly convinced not a single member of the House, not the sponsor, not the Revenue commission, not the tax experts, not anybody, realized what this bill would do," Karoub said.

Democrats ran into trouble with their fiscal program earlier Thursday with a revolt within their ranks over a \$4 million

"Stamp Act" which imposed a tax on real estate transfers.

It was the first step of the Democratic program, endorsed by the leadership. It failed 48-46. The act would impose a \$1.10 levy on each \$1,000 involved in a transfer or real estate.

Republicans, who tried unsuccessfully Wednesday to bring a package of reform bills up for consideration, opposed the Democratic plan.

Democrats said the tax would raise some \$4 million a year in new revenues — \$2 million of which would go to the counties in which it was collected.

Other tax bills remain on the calendar, including one to reduce the beer tax to \$2.50 per barrel, rearrange sales and use tax collection brackets, repeal the use tax on food and prescription drugs, and fix all property assessments at 50 per cent of true cash value.

## Viet Nam Air Collision Kills Nine Americans

SAIGON, South Viet Nam (AP) — Two U.S. Army helicopters collided in the air and crashed in flames today at the Bien Hoa Air Base. Nine Americans were killed and two seriously injured.

A 10th American, a Marine, was killed when Viet Cong guerrillas and U.S. Marines fought a grenade battle before dawn six miles west of the Chu Lai beachhead 52 miles south of Da Nang. It was the first serious attack on the Marine defenses at Chu Lai, where U.S. Navy Seabees are building a jet airstrip.

Ten Marines were wounded, two of them seriously. Six Viet

Cong bodies were found and a wounded guerrilla was captured.

The two helicopters collided about 50 to 100 feet up and crashed in an open patch of ground 200 yards from the helicopter area of the Bien Hoa base 15 miles north of Saigon.

Both were troop-carrying craft attached to the 118th U.S. Army Helicopter Company.

Eight of the occupants were killed outright and the ninth died three hours later in the base hospital.

Aviators from the company rushed to the scene and pulled the three injured men from the wreckage. Wreckage was strewn over a large area.

First reports said one of the helicopters was returning from Saigon with an Army helicopter crewman who had been injured several days ago in the foot by a Viet Cong bullet. He was returning to his unit.

The other ship reportedly was leaving the helicopter pad outside the Vietnamese 3rd Corps headquarters.

"They met at the same place," an eyewitness said.

### Lansing Union Official Charged With Embezzling

GRAND RAPIDS (AP) — Kerns Ashworth, a former Lansing union official, stood mute Thursday in U. S. District Court on a charge of embezzling union funds.

Judge Raymond W. Starr ordered a plea of innocent entered for Ashworth. He was named in a three-count grand jury indictment alleging misappropriation of \$1,577 in funds of Local 31, Bricklayers, Masons and Plasterers International Union. Ashworth was continued on personal bond pending a trial.

The indictment alleges that he embezzled the funds, made false statements and false entries in union records between Feb. 24, 1961, and Sept. 30, 1963, while serving as corresponding secretary and business representative of the local.

### Strike Ban Law Penalty Erased

LANSING (AP)—The Democratic-dominated House voted Thursday to repeal the harsh, rarely enforced, penalties for strikes by public employees.

On a virtual party-line, 68-32 vote, the House repealed the penalty provisions of the 1947 Hutchinson Act.

Republicans complained "this important measure has received only seven minutes consideration on the floor and 10 minutes discussion in the labor committee."

The bill, sponsored by Rep. Leonard Walton, D-Detroit, also amends the law to allow public employees to form labor unions.

The Walton bill would continue to outlaw strikes. But it makes use of a wide range of methods to convince and persuade. Strikers could be suspended for 10 days without pay or other compromise measures would be worked out by the parties involved.

An employer could get a court injunction against a strike. A companion measure, passed 69-23, eliminates severe penalties for violation of such an injunction by both public and private employers and employees, making the violation simply a case of contempt of court.

### Boys Corrupted By U.S. Movie, Soviets Claim

MOSCOW (AP)—Izvestia says the American movie "The Magnificent Seven" has corrupted Soviet youth.

The government newspaper reported that two young boys in Smolensk stole rifles from a museum and later told police they wanted to look like the heroes of the American Western.

An eighth-grade boy repeatedly attacked girls and stole their money after seeing the movie, Izvestia said.

## House Votes To Repeal Bounties On Predators

LANSING (AP) — The House voted Thursday to repeal Michigan's 30-year-old bounties on red foxes, bobcats and coyotes.

The repeal measures, which failed every year in recent memory, were passed and sent to the Senate after failure of an attempt to retain bounties in the Upper Peninsula.

The bills would repeal the \$5 bounty on fox and bobcat pelts and the \$15 and \$20 bounties on female and male coyotes. Wolf bounties were repealed in 1959 when Michigan's rapidly diminishing wolf population was placed under state protection.

The state paid \$254,000 in bounties last year, backers of

the repealer measures said, and \$4 million from the game and fish protection fund since bounties went into effect in 1935.

Rep. Dominic Jacobetti, D-Negaunee, proposed the U. P. exemption. He was backed by other north-of-the-straits lawmakers.

Rep. Russell Hellman, D-Dollar Bay, argued that the state this year is appropriating \$400,000 "for the destruction of predators of some kind—such as the European cereal leaf beetle, the Japanese beetle and gypsy moth, and the starling."

"Why shouldn't we also pay for the eradication of these predators?" he asked.

Sponsor of the bills was Rep.

Mrs. Rosetta Ferguson, D-Detroit. She said she has vivid memories "of being caught in a fox trap as a girl of eight, and lying terrified in the woods for hours."

The fox and bobcat bill passed 62-32. The coyote bill passed 63-29.

Jacobetti and Rep. Einar Eriandson, D-Escanaba, earlier almost managed to have the bills referred back to committee before the rest of the House knew what was happening.

Their move was caught and opposed by Rep. Joseph Snyder, D-St. Clair Shores, chairman of the conservation committee and chief lieutenant in charge of the passage of the measures.

Sponsor of the bills was Rep.

### Bonus Proposed To Lure Men In Armed Services

WASHINGTON (AP) — The Pentagon is proposing a special bonus to lure men with critical skills into re-enlisting in the armed services.

The bonus system, recommended to Congress in a little-noticed section of a pay-increase bill, could give some corporals and specialists as much as \$6,300, depending on the importance of their skills.

Two years ago, Congress ignored a similar Defense Department proposal.

However, top officials hope the Senate and House will be more receptive this time because of the increasing difficulty in holding trained men.

The plight of the Navy was pointed up several weeks ago when Secretary Paul H. Nitze appealed to officers and men whose active-duty tours were running out to extend their service three or six months. Navy officials said it is too early to measure the response to Nitze's plea.

Defense Department studies have listed inadequate pay as a major factor in the inability to keep men trained in electronics and other important skills.

The Defense Department already has a re-enlistment bonus system in effect. The new special system aimed at the highly skilled would be superimposed on it.

Under the standard system, a man completing his first enlistment and signing up for another hitch is entitled to one month's pay multiplied by the number of years of re-enlistment.

Thus, a man who signed up for an additional six-year hitch would get a bonus of six months' pay.

On later enlistments, the bonus would be smaller. An absolute limit of \$2,000 is applied to such standard bonuses over a 20-year career.

The new proposal would apply only to the first re-enlistment. It would authorize a bonus four times the standard re-enlistment bonus, in addition to the regular bonus.

In this case, a man with an important skill would get a payment equal to five months' pay multiplied by the number of years of his new enlistment — a maximum of 30 extra months' pay.

Agents nabbed the two from a crowd of persons leaving a Chicago-bound airliner. They were identified as James K. Marshall, 22, Rockford, Ill., and William C. Pearson, 24, Grand Rapids, Mich.

Eastern Airlines announced the plane had engine trouble to remove the two from the crowded craft.

They were wanted in the May 17 holdup of the Union Bank and Trust Co., of Wyoming, Mich., a suburb of Grand Rapids.

Officers said more than \$42,000 of the stolen money was recovered.

An FBI spokesman said the two were traced to New Orleans on information received before dawn.

New Orleans police detective Paul Gustafson boarded the plane and took a seat behind the pair.

The two offered no resistance when police and federal agents closed in as they left the plane.

At arraignment later before U.S. Commissioner Fritz H. Windhorst, both waived right to counsel and removal. They were remanded to the U.S. Marshalls' office. Bond was set at \$25,000 each.

## PSC Okays Gas Pipeline

Peter B. Spivak, chairman of the State Public Service Commission, said today approval has been given to Michigan Wisconsin Pipe Line Co., to build 800 feet of gas transmission pipeline from the Wisconsin border to a proposed metering station near Menominee.

The new gas supply will enable Michigan Consolidated Gas Co. to begin gas distribution to 36 cities, villages, and townships in the southern part of the Upper Peninsula.

Spivak said this is the final approval necessary to bring natural gas to the Menominee-Escanaba area after more than 10 years of effort by the PSC, the Executive Office, and citizen groups from the Upper Peninsula.

Economic activity should be stimulated by the action, he said, since one of the chief customers will be the Hannah Mining Co.'s Groveland Plant located in Felch Township, Dickinson County. The mining company will use the gas in its pelletized ore processing.

Wilson A. (Snowflake) Bentley, the Vermont farmer who spent years photographing snow crystals, made some 6,000 micro-photographs of snowflakes. His pioneering studies have become a standard reference for meteorologists.

## Congress Votes 15.4 Billion For Military Items

WASHINGTON (AP) — The Senate completed congressional approval Thursday of a \$15.4-billion authorization for such military hardware as missiles, aircraft and combat vessels.

The Senate acted by voice vote a day after House passage.

The final total of \$15,402,800,000 is \$119 million more than the Senate approved originally and \$99.4 million above what the House wanted. But it is \$105.6 million more than President Johnson requested.

## Dental Clinic Is Assembled

A dental clinic to serve the needs of underprivileged children in Delta County is being established with the Cooperation of the Escanaba Exchange Club at the Area Public High School.

The dental clinic is the climax of project work carried on by the Exchange Club for the past five years. Previously the children were assisted with dental care problems. Now the clinic will bring a full program of dental assistance to meet their needs.

Dr. Robert Mattice, Lansing, a graduate of the University of Michigan Dental School, has arrived and is directing the establishment of the clinic which he will operate. He and Mrs. Mattice and their child will reside in Wells for the summer.

The clinic will be dedicated at ceremonies sponsored by the Exchange Club to be held June 15. Rudy Hasselbach, Temperance, Mich., state president of Exchange Club, will be here for the dedication.

Dr. Mary Cretens, director of the Delta-Menominee Health Department, and the Bureau of Social Aid will screen children for the clinic. Persons who wish to submit names of children for treatment are asked to phone ST 6-5740.

William Meiers and Ted Breitenbach are co-chairman of the clinic project for the Exchange Club.

## Water Accidents Increase In '64; Safety Is Urged

By DAVE ANDREWS

"Boy and parents arrived at their cottage, the boy changed clothes and went into the water almost immediately. He went into an area that said 'No Swimming' and drowned."

"The victim was standing up in the boat attempting to start it. When it started he was thrown over the transom and the boat kept running at full speed, going in a circle. Believed the boat passed over him at least two times, killing him."

The two reports quoted above were excerpts from official water accident reports submitted by the Michigan State Police during 1964.

They were two of 806 water accidents reported in Michigan last year, a 12 per cent increase since 1963. Boating accidents increased three per cent to 564. Non-boating accidents rose 29 per cent to 242.

A total of 290 persons died in Michigan waters last year.

**Time For Caution**  
Saturday, the first day of Memorial Day's three-day weekend signals the unofficial start of the 1965 boating season in the state.

Reports indicate from now until the middle of July the frequency of water accidents will rise. It is a time for extreme caution around the water, both State Police and Sheriff's officers warn.

According to statistics compiled by Delta County Sheriff

away to reduce propeller danger; throw a lifesaving device as soon as possible; keep the man in view; normally maneuver to approach from downwind (into the waves), depending on conditions; assist man in boarding the boat.

4. Fuel before dark except in emergencies and take the following precautions — make sure boat is securely moored; all cigarettes and matches are out; motors and other devices likely to produce sparks are stopped; put out all lights, pilot lights and fires, check tank vent connections and flame screens; keep nozzle of hose or can in contact with fill opening to avoid static sparks; fill carefully, avoiding spillage, then close fill opening and wipe up any spilled fuel and ventilate until odor of gasoline is gone; keep fire extinguisher handy.

5. Board boat carefully, don't jump in; don't move about; don't overload and distribute load evenly.

6. When leaving dock, keep watch for swimmers and other boats and obstacles in water. There are other rules and courtesies of the lake that all swimmers and boaters should be aware of. Copies of these and boating laws are available from the Delta County Sheriff's office.

The life you save may be your own.

## Rapid River High To Graduate 29

Commencement exercises will be held at Rapid River High School gymnasium, May 29, at 8 p.m. There are 29 Seniors. Rev. George Olson, pastor of Rapid River Calvary Lutheran Church, will offer the invocation. Senior Class President William Wickham will give the welcoming address.

Walter Peters Jr., salutatorian, will present the class salute. Junior High School Glee Club will sing with a vocal solo by Cindy Viau.

Superintendent of Rapid River Schools, Walter Peters, will introduce the commencement speaker, Edwin Wuehle, superintendent of Manistique Public Schools. Following the address the High School Glee Club will sing two songs.

The valedictory will be given by Robert Whipple. The announcement of the recipient of the Robert W. Miller Memorial scholarship will be made by John T. Miller, Norman Slough, high school principal, will make other honorary scholarship presentations.

Colored slides of each senior will be shown by Robert E. Olsen while Norman Slough presents the graduates. Diploma presentations will be made by Ernest Vanderhoff, president of Rapid River School Board. The commencement program will close with the singing of the national anthem, the benediction by Father Aloysius Hasenberg, St. Rita's parish, Trenary, and the recessional.

The choral director will be Mrs. Robert Anderson; organist, Margaret Soderberg; piano accompanists, Mrs. Anderson, Margaret Soderberg; and junior class escorts, Linda Quick, and Richard Forslund.

The graduating class is Esther Bascik, Deborah Beek, Charles Bowen, Bob Boyer, Deanna Dutton, Paul Erickson, Thomas Gibbons, Linda Greenlund, Dianne Johnson, Judy

Johnson, Kris Johnson, Michael Larrabee, James Micheau, Sandra Michaeu, Dawn Mills, Douglas Moss, James Novak, Barbara Oberg, Walter Peters, Paul Proehl, Henry Seymour, John Stone, Sandra Sundstrom, Cheryl Talvitie, Kathryn Viau, Judy Vietzke, Robert Whipple, William Wickham and Fred Wilbee.

## Excise Tax Cuts Must Be Passed On To Buyers

WASHINGTON (AP) — The Internal Revenue Service said Thursday night manufacturers will not be given refunds on excise-tax reductions unless they pass savings on to consumers. If the excise-tax reduction sought by President Johnson becomes law, refunds will be made on automobiles and air conditioners bought after May 14 and on other items bought after July 1.

The IRS said payment to the consumer must be made in either cash or check by the manufacturer or dealer. "No other form of reimbursement, such as a credit on the consumer's account will be acceptable," it said.

## Court Action On Highway Signs KO's Road Work

The Upper Peninsula's summer road work was held up today — imperiling hundreds of county jobs with a total value of much more than a million dollars — plus major construction projects like the \$1.1 million rebuilding of M-35 from Gladstone 10 miles north to Perkins.

The continuing controversy over highway signs caused the postponement by the State Highway Department of all projects involving federal aid from the Bureau of Public Roads.

Howard Hill, state highway commissioner, announced at Lansing yesterday that the state could not guarantee the Bureau of Public Roads that there would be no encroachment of signs upon the right-of-way of highways on which the federal government was paying the

cost of construction or maintenance or part of the cost.

**Court Ruling**  
This inability of the state to control sign encroachment results from a recent ruling of the Michigan State Supreme Court holding the law under which the State Highway Department acted to remove encroachment signs was unconstitutional. The court ruled unanimously that the 1925 law was unconstitutional because it gave the state highway commission "the power to discriminate at will."

The consequences of the stand-off between the state and federal highway agencies over the Michigan Supreme Court's action in an Upper Peninsula case presented by Attys. Hansley and Neiman of Escanaba caused great consternation in Upper Peninsula county highway departments today. Their whole summer program of county, state and federal highway work was held up with no June letting of contracts planned by the State Highway Department and with no federal aid for county road projects in sight.

**Delta's Problem**  
Delta County gets about \$60,000 in federal road aid each year, matches it to create a construction and maintenance fund double the amount. The state has told county road officials that it will attempt to resolve the difficulty with the Bureau of Roads within 90 days. Such a prospect dismayed U. P. county road officials. One said: "How much blacktop can we pour after September? We had snow at Rock this morning!"

The tie-up will affect employment by both county road departments and by construction contractors. If Delta's situation were projected across the Upper Peninsula it would mean tie-up of much more than a ployman by both county road work in the 15 U. P. counties.

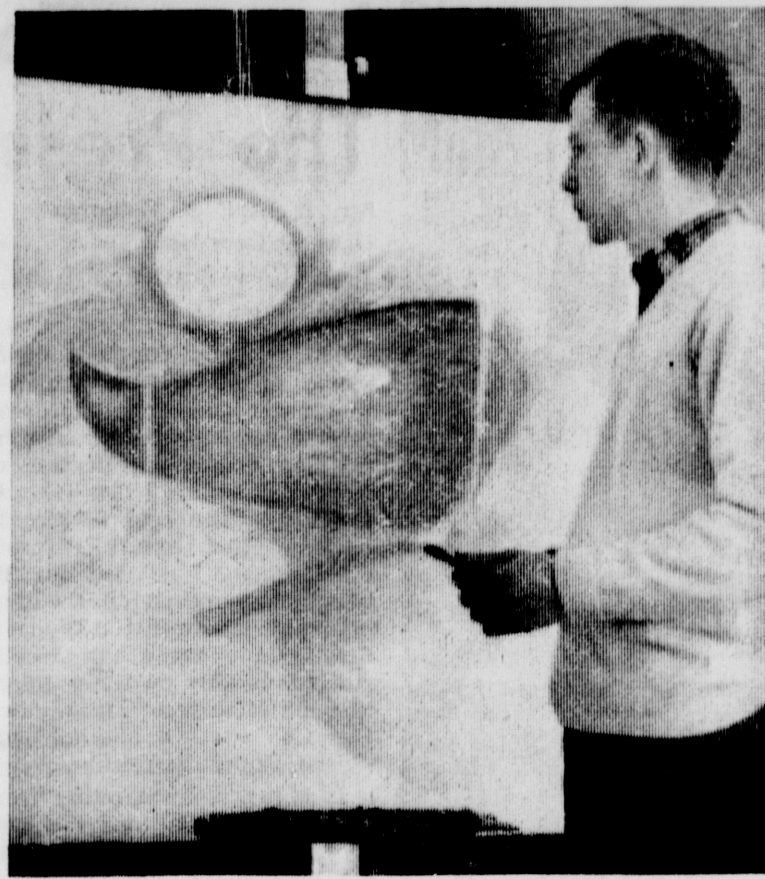

The tie-up of state construction totals \$413 millions, said Hill, of which one half would be federal funds. Major projects affected include the 10-mile reconstruction of M-35 from Gladstone to Perkins scheduled for bidding in the June 2-9 period.

### Dr. Towey Suffers Fracture Of Hip

Dr. John W. Towey, for many years the medical director of Pinecrest Tuberculosis Sanatorium at Powers, suffered a hip fracture in a fall recently.

Dr. and Mrs. Towey have been living in retirement at Middleton, Wis., a Madison suburb, since the conversion of Pinecrest from a sanatorium for the care of the tuberculosis to a medicare facility.

First American vaudeville house was the Gaiety Museum which Benjamin Keith opened in Boston in 1883.

PETE BERTRAND, third year Senior art student, is pictured at work on his painting that is now completed and is part of the exhibit now at the Area Public High School.

### Mrs. Goodnough Taken By Death

Mrs. Beda Bevena Goodnough, 84, life-long resident of the Escanaba community, died Thursday at 10:15 a.m. at Pinecrest Medicare Facility, Powers, where she had been residing the past three years.

She was born Aug. 28, 1880, in Ford River. Her husband, George, died in 1961. She was a member of Bethany Lutheran Church.

She is survived by three sons, Lawrence of Gary, Ind., Raymond of St. Clair, Mich., and Harlan, Chicago; two daughters, Mrs. Carl (Ethel) Anderson, Wells, and Mrs. Ruth Gasman, Chicago; 26 grandchildren and 12 great grandchildren.

Friends may call at the Anderson Funeral Home from 4 to 9:30 p.m. today. The body will be removed at noon Saturday to Bethany Lutheran Church where services will be held at 1:30 p.m. The Rev. Walfred Nelson will officiate. Burial will be in Gardens of Rest Cemetery.

### Albright New School Chief

POWERS-SPALDING — The Powers-Spalding Schools will have a new superintendent beginning July 1, succeeding Eber Carlson, who is returning to his private business operation at Stephenson. Carlson has been superintendent for the past three years.

The new superintendent is Jerome K. Albright, 29, who is superintendent of schools at Ellsworth, Mich., a community about 65 miles south of the Straits.

Albright has a Bachelor of Science and a Masters Degree in Secondary Education from Central Michigan University at Mt. Pleasant. He has been superintendent at Ellsworth for two years and served as principal in the system before that.

He is a veteran of two years service in the U. S. Army. Mrs. Albright is the former Jean Schnurer of Manistique. They were married in September, 1959, and have two children.

### Peninsula Has Spring Snow

IRONWOOD (AP) — A wide swath of Michigan's Upper Peninsula got snow today — more than two months into spring.

Three inches fell in Ironwood, on the Wisconsin border, overnight and wet, soggy snow still was falling steadily at 10:30 a.m. Marquette, 150 miles to the east on Lake Superior, reported snow also was falling there today, but melting almost as it hit the ground in 40-degree temperatures.

At Ironwood, where burdened tree limbs and utility wires sagged under heavy accumulations, the temperature hovered around the 32-degree freezing mark.

The Ironwood Globe, however, reported today's snow set no record there. Some 20 years ago, the Globe said snow fell in June in Ironwood.

There was a trace of snow in Rock in Northern Delta County this morning the Delta County Highway Department reported, and there was also a trace of the white stuff during the night in the Escanaba area as the cold continued.

Escanaba temperature today at 10 a. m., was 40, the overnight low was 36 and high Thursday 60. Clear and cool is the forecast with frost away from the lake tonight, temperatures in the 50s Saturday and sunny and warmer on Sunday.

Tobacco seeds are so small that one pad may contain as many as 40,000.

### Blood Bank Under Quota

The Blood Bank closed its three-day visit to Delta County Thursday 35 pints short of the 292 pint quota for the procurement clinic.

Two hundred and forty-nine pints were collected by the bloodmobile in the three days, plus eight pints received at St. Francis Hospital and credited to the clinic to bring the total to 257 pints.

Thursday's goal of 110 pints was unmet. Only 79 pints were collected. The clinic was in Gladstone on Tuesday and in Escanaba on Wednesday and Thursday.

The Red Cross Blood Procurement Committee explained that it feels it has "been leaning too heavily" on the industrial response in the past. In the future there will be emphasis on donor solicitation also in the residential and downtown districts, plus a plan of recruitment of donors among prospective fathers.

Students turned out on Thursday to help keep up the blood donor list. Four Area High School students, Kenneth Kaim, Tom Olson, Steve Kelly and Linda Good, and one Holy Name High School student, Michael Buchanan were among the donors. On the previous day 17 students from Holy Name gave blood.

The A positive blood needed for a heart surgery case was obtained.

The next procurement clinic will be in July.

### Cub Scouts Plan Summer Program

Cub Scout Pack 411 of the Jefferson School will continue its activities throughout the summer. It was decided at a Pack meeting this week.

The following boys were presented with awards at the meeting: Michael Victor, gold and silver arrows; Jack Bowden, bear badge; Steven LaRose, wolf badge; Dennis Vedin, wolf badge and gold arrow.

Howard Willyard was honored for placing third in the District Kite Flying contest at Rapid River.

### Clevenger Says He Pays Fares

Congressman Raymond F. Clevenger (D-Sault Ste. Marie) today denied that he had been given free air travel tickets for his many trips to the district.

Clevenger announced that he sent the following telegram to John Bailey, Democratic National Committee chairman at Washington:

"The Michigan Republican state chairman has held a meeting at Munising in which it was alleged that you are furnishing me with free air travel tickets for my many trips back to the 11th District. Please deny story or send the tickets."

State Republican Chairman Elly Peterson made no such charge at the Munising meeting of the 11th District Republican Association. The subject was introduced by Edward A. Terrill of Madison, Wis., and Washington, D. C., a representative of the National Republican Congressional Committee.

He described for 11th District Republicans what he said was the current process of the Democratic National Committee.

### K. Of C. To Have Communion

Escanaba Council No. 640, Knights of Columbus, will hold their regular quarterly Corporate Communion at St. George's Church in Bark River at the 8 a. m. Mass on Sunday, May 30.

Immediately following Mass and Communion, breakfast will be served by the ladies of the Parish. Members desiring transportation to Bark River should meet at the Clubrooms at 7:20.

### Veneer Plant Is Fire Scene Today

Escanaba Fire Department was called at 11:40 a. m., today to the plant of Birds Eye Veneer Co., where a fire in plankling alongside a scrap conveyor caused an alarm. Firemen said that the blaze was extinguished without much damage.

### Erick Berglund Dies Thursday

MANISTIQUE — Erick R. Berglund, 76, of 116 N. Front St., died Thursday at his home.

He was born in Finland May 24, 1889, and had lived in Manistique since 1909. He was employed in the woods industry and by Inland Lime & Stone Co.

He married the former Jennie Soderbeck in Manistique in 1923 and she died in 1931.

Surviving are a son, Carl, Manistique, a daughter, Mrs. John (Helga) Sundberg, Escanaba, a sister, Mrs. Isaac (Hannah) Frans, Manistique, and four grandchildren.

Funeral services will be held Saturday at 2 p. m. at Messier-Broulliere Funeral Home with burial in Fairview Cemetery. Friends may call at the funeral home after 7 p. m. today.

## NOTICE TO TAXPAYERS

The Escanaba Area Taxpayers Association have completed their study of the gas question.

It was unanimously agreed that the Black & Veatch report seems to bear out the fact that Michigan Consolidated should pay at least 10% more than their offer, also that the funds derived from the sale of the distribution system and the reserves released thereby (approx. 1 million) should be spent only by vote of the people.

REGARDLESS of the above opinion, the Association almost unanimously agreed that the gas distribution system should be sold to Michigan Consolidated and urge our members and friends to

### Band Director Retires Soon

Cecil Collins, Escanaba City Band director for the past 13 years, will conduct the band for the last time when it makes its first appearance of the season in the Memorial Day parade on Monday.

"It's a wonderful group to work with," said Collins today in announcing his decision to retire. "But I have new commitments coming on and there just won't be time for me to devote to the band this summer."

The name of Collins' successor in the Band director post will be announced soon by the City Band Board of Directors.

The City Band is one of the busiest musical organizations in the community and is widely recognized for its excellence. It presents about 18 concerts each year, plus marching in about five parades annually. The concerts are held mostly in Ludington Park at the Karas Memorial Bandshell, with a couple of concerts at Rose Park in North Escanaba.

## Chaos Conquest Called Menace By President

(Continued from Page 1)

broad outlines of a reasonable settlement are beginning to emerge" in the Dominican Republic. He said these outlines meet the needs and desires of the Dominican people and the entire hemisphere.

In detailing these items, Johnson said that first of all, "the Dominican people — and the people of their sister republics — do not want government by extremists of either the left or the right."

He said everyone also seeks "an end to slaughter in the streets," food and work and peaceful nights, a constitutional government and, for the Dominicans, the chance to shape their own course with help from "sympathetic neighbors in healing their wounds and negotiating their divisions."

The President flew to his native Texas Thursday night for his first weekend visit in six weeks. Before flying to Waco and the university, Johnson arranged to participate in the unveiling of a full-length presidential portrait in the Texas Senate chamber at Austin.

In remarks prepared for that occasion, Johnson recalled that his father, Sam Ealy Johnson, served for 12 years as a member of the Texas Legislature early in the century.

"Here at my father's side," he said, "I was first exposed to the strength, the vitality and the enduring value of our system of representative democracy."

The President expressed the belief that this system, both politically and economically, "is succeeding as never before."

## Allocation Rates Are Established, Then Challenged

By DAVE ANDREWS

The Delta County Tax Allocation Board set the final allocation rates for 1965 Thursday night, then, when it was all over, challenged the legality of its action.

At issue were the qualifications of John Tackman, county at-large delegate, to serve on the board.

Tackman, who voted with the school block in the final allocation, was challenged by Harold Gustafson, Ensign, chairman of the Ways and Means Committee of the County Board of Supervisors.

Final allocation approved by 4-2 vote, Gustafson and County Treasurer Ann Villeneuve opposing, set the rate for Delta County at 7.2 mills, two tenths of a mill less than Gustafson had originally sought, and allowed the Escanaba Area School District 7.2 mills.

Allocations for other school districts, which vary depending on township rates, were all made unanimously without squabble.

### Produces Letter

Gustafson produced a letter from County Prosecuting Attorney Nicholas P. Chapekis which carried the opinion that anyone having been in the employ of a school district involved in the allocation issues was ineligible to sit on the board.

Tackman, a certified public accountant, has been engaged on an independent basis to audit books of the Escanaba Area Schools and other districts.

Tackman is the only "at large" delegate to the Board, the other five members being appointed by virtue of their position or members because of their office.

Besides Gustafson, Tackman and Mrs. Villeneuve, members of the Board are: Hagle Quarstrom, superintendent of the

## W. C. Collins, Perkins, Dies

William C. Collins, who operated the Village Inn at Perkins for the past 10 years, died at 11:03 p. m., Thursday at St. Francis Hospital a short time after he was admitted. Death was caused by a heart attack. He was 58 years old.

Born in Pennsylvania on Sept. 5, 1906, he was a veteran of World War II and served with the U. S. Marines. Mr. Collins was a member of the Veterans of Foreign Wars and of the Morley S. Oates Post 701, Lansing, for the past 20 years.

Surviving are his wife, Lola, a son William Jr., of Milwaukee, a daughter, Mrs. Robert (Wilma) Harkness of Lansing, and four grandchildren. Also surviving are two sisters, Mrs. Sarah Frederickson of Lansing and Mrs. Courtney Mears of Detroit.

The body is at the Skradski Funeral Home in Gladstone where friends may call beginning at 2 p. m., Saturday.

Funeral services will be held at the funeral home at 8 p. m., Saturday with the Rev. William S. Avery officiating.

Burial will be in Lansing, where military rites will be conducted by the VFW at the Estes Leadley Funeral Home.

Delta-Schoolcraft Intermediate School District: Dr. Vernon Johnson, appointed to represent the largest school district in the county, the Escanaba Area schools; and George Rusch, appointed to represent the largest city, Escanaba.

**Debate Issue**  
Gustafson said he sought the prosecutor's opinion after certain "questions" had arisen concerning Tackman's qualifications.

The letter touched off heated debate, primarily by chairman Rusch, over the "integrity" and "morality" of the members of the board and the "validity" of its actions.

"I feel as chairman of this board that the inference is enough to raise the question of legality over every act of this board," said Rusch, "I feel that the final allocation should be held up until an opinion is rendered by the attorney general."

"A letter has been presented questioning an individual and I think we should follow it through," he said.

Tackman, obviously stunned by the presentation, said "I would like to have an opinion as to whether or not I can serve, both now and in the future. I am very interested in this type of work and I feel I have done a conscientious job."

### Could Upset Findings

"Let me ask this," he said, "If I had voted differently would the question have been raised?"

Gustafson said it was "not his intent to upset the workings of this board" but only to seek an opinion to clarify procedure for future years.

Chapekis said, however, that the findings of the board could be upset by a ruling that an ineligible member took part.

Motion to seek an attorney general's opinion was proposed by Tackman and passed unanimously. What affect the opinion could have on this year's allocation was not clear.

Chapekis said that it would probably take several months to get an opinion from the attorney general.

Meanwhile, the allocation rates and a subsequent motion commending Tackman for his service on the board, will stand.

### Rate Set

The Delta County tax rate is 7.2 mills. The Delta-Schoolcraft Intermediate School District will receive one-tenth mill. The other 7.7 mills of the 15 mills to allocate go to school districts and townships.

That spread is as follows: Escanaba Area School District 7.2 mills, Ford River and Cornell Townships each five tenths of a mill;

Rapid River School District 7.0 mills, Bay de Noc, Ensign and Masonville townships each seven tenths of a mill;

Baldwin Township School District 7.03 mills, Baldwin Township .67 of a mill.

Escanaba, Garden, Maple Ridge, Fairbanks, Flat Rock, Nahma, Rock and Gladstone school districts 7.7 mills, no township allocations.

The tax rate for the Bark River-Harris school district will be 7.5 mills, the rate set in Menominee County because it has the larger area. The Bark River township rate in Delta County is 1.0 mill.

Brampton Township schools will receive 6.75 mills, the township .95 of a mill.

## Blast In Indian Mine Traps 400

NEW DELHI, India (AP) — A tremendous pre-dawn explosion ripped through a coal mine near the eastern Indian town of Dhanbad today, killing 200 miners and killing or trapping perhaps 200 more.

The Ministry of Mines in New Delhi gave the figure of 200 known killed and said the death toll might reach 400.

Reports from the scene said the force of the explosion was so great that a blast shot up the mine shaft and killed men working on the surface.

One Indian newsmen at Dhanbad said an engine room and nearby office on the surface had been devastated by the blast.

The ministry said the explosion occurred at the worst possible moment—at shift changing time, when the number of miners underground was double a normal shift.

Ministry officials said indications were that coal dust was responsible for the explosion.

## School Contest At Rapid River

Rapid River School area, which includes the townships of Masonville, Bay de Noc and Ensign, will have two persons seeking the one vacancy on the Rapid River School Board at the school election on Monday, June 14.

Anthony Purzol, incumbent, has lived in the Stonington Peninsula for 15 years. He's a graduate of Chicago Mt. Carmel High School and has served three years in the U. S. Coast Guard as a seaman 1st class during World War II.

Purzol is employed as chief engineer of the K. I. Sawyer Air Base's central heating plant. He is married to the former Lorraine Hatch of Chicago, and they have three children, Gregory 10 years, 4th grade, and twins Patricia and Pamela, seven years, 1st grade; all students of Rapid River's Bay de Noc Elementary School. He has served 4 years on the Rapid River School Board, is a trustee of the Bay de Noc Township Board, councilman at Rapid River's St. Charles Borromeo Church, and a member of the Watter W. Cole Post No. 301 American Legion Post. Interested in youth programs, Purzol serves on the committee of the newly organized Rapid River recreation program.

Waldon L. (Punch) Johnson Jr., is seeking his first office of public service. Johnson was born and raised in Rapid River, graduated from Rapid River High School and attended Northland College in Ashland, Wis.

He is employed by the Mead Corp in Escanaba. His wife is the former Monica Creten of Gladstone. They have four children, Terry, 11, 5th grade, Cynthia, Nine, 4th grade, Tom, four, and Elizabeth three. Terry and Cynthia are students at Bay de Noc Elementary School.

Johnson is a member of Rapid River's Calvary Lutheran Church, Rapid River Volunteer Firemen, and the Mead Rod and Gun Club. His hobbies are gardening, capentry, and raising beef cattle.

## Missile Blows Up With Dummy In Space Test

VANDENBERG AIR FORCE BASE, Calif. (AP) — An explosion two minutes after launch ruined Air Force plans to send a plastic facsimile of a space-man's torso into space aboard an Atlas missile.

The ICBM and its dummy passenger plunged into the ocean west of this seaside missile facility. It was a mass of flaming wreckage.

The dummy carried instruments to measure space radiation at various depths of the body. The Air Force has been concerned about possible radiation hazards to astronauts who will spend long periods in proposed manned orbiting laboratories.

# CITIZENS OF ESCANABA READ THIS CAREFULLY THIS IS IMPORTANT TO YOU!

The Escanaba Daily Press has informed us that we cannot print in this paper controversial material (one publishing day prior to the election) regarding the sale of the City owned gas utility. However this is a very controversial issue or we would not be continuously knocking our heads against the wall in order to bring you the reasons why the people of this community should keep the gas utility. We personally have nothing to gain except the satisfaction of proving that we still live in a democracy where the people still run the City and shall be allowed to make the final decision.

In Tuesday's editorial Mr. Worth has tried desperately to discredit our committee and all the people we represent by intimating that we do not represent organized Labor and that we are attacking someone or something. Let's get the facts straight! This committee does represent organized Labor in Escanaba, but each individual member will make his own decision in this issue. Give them the right. Secondly we have attacked no one. We have presented only facts taken from the Black and Veatch report. If anyone feels attacked it must be their conscience.

Now since this paper will not allow us to debate the issue let's just look at the benefits the public will receive under municipal ownership of the gas utility. Notice we underscore benefits. The proponents for selling keep saying advantages under private ownership. The people are vitally interested in benefits received through City ownership and City operation.

These are facts taken directly from the Black and Veatch report and other official documents and company reports:

1. (\$1,576,000.00 of accumulated working capital after the tenth year of operation). This amount the City will have in reserves after paying all expansion and improvement costs. This money could be used for self insurance, future expansion, etc. or could go into the general fund for City operation to reduce taxes.
2. (\$860,000.00 net income in the first year of operation.) (\$165,000.00 net income in the tenth year of operation.) If the City purchased liability insurance for \$15,000.00 annually this would mean \$150,000.00 net profit each year from the tenth year on. This profit could be used for City operation and help reduce taxes.
3. (City controlled rates.) "The magnitude of the accumulated surplus balance indicates that a rate reduction might be justified if the sales and cost develop as projected in Table 8". This our Council could do. In Upper Michigan at present there are two privately owned gas utilities with the same type of operation as Escanaba's present plant. The rates of the Sault operation owned by Michigan Consolidated are 12 to 17% higher than Escanaba's present rate!
4. (Natural gas this year to the people of Escanaba.) If the people of Escanaba cannot have Natural gas this year someone must take the responsibility for it. This is not a fault of the customers, either present or future. Nor is this a valid reason for selling the Gas utility. The easy way out of the problem is not the best for the community. With the great earning potential of the Gas Utility we say let's roll up our sleeves and get to work. If we don't have the know how let's hire someone that does.
5. (Customer Service.) If our Gas Utility has lost 600 customers in the past ten years it has been through lack of promotion for the utility. City budgets show an annual twenty dollars devoted to Gas Utility promotion. Services rendered by all our City owned utilities have always been just as good if not better than services under private ownership and we have no reason to believe this would change under expanded Natural Gas operation.
6. (Conversion to Natural Gas.) Many people have been led to believe that this can come only under private ownership. Under municipal ownership this converting can be handled just as efficiently. Present City customers will need little or no adjustment of their appliances and furnaces. This was provided for when the present plant was built.
7. (Appliance and Heating Unit Sales.) The City of Escanaba is not in the business of retailing gas appliances and heating units. Michigan Consolidated last year started actively promoting the sale of heating units and sold over 500 units. The sister companies of Milwaukee Gas Company and Michigan Consolidated together sold over 27 thousand gas dryers alone. How will this retail division of Michigan Consolidated effect our long time merchants?
8. (Taxes.) Municipal utilities pay to the City an amount of money equal to the tax rate of private ownership. If the Gas Utility is sold to Michigan Consolidated they must also pay taxes. However taxes are paid from revenues. The revenues come from the customers. The customers are the people of Escanaba. City owned Gas Utility will pay the taxes as they presently do and also make the profit that can be put back into the general fund to reduce taxes.

IF YOU HAVE TAKEN TIME TO READ THIS.....YOU WILL REALIZE THE SALE OF THE GAS UTILITY WILL BE FINAL, GONE FOREVER. YOU WILL NEVER AGAIN HAVE THE OPPORTUNITY TO RECONSIDER. IN THAT EVENT, IF YOU DON'T KNOW, VOTE "NO", AND IF YOU DO KNOW, WE ARE SURE YOU WILL

# VOTE "NO"

## Networks Hit By Space Fever

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—The three major television networks, once again, are gripped with space fever, a competitive disease requiring each sufferer to try to outdo the others in covering the journeys of the astronauts.

The four-day Gemini shot is scheduled for next Thursday morning and the television audience will receive its briefings earlier in special programs of all networks. NBC's "G-T4 Preview" will come on Tuesday night (9-10 EDT) while CBS' "Gemini Preview" follows on Wednesday night (8-8:30 EDT) as does ABC's "Preview" on its "Scope" program (10:30-11).

On launch day, all networks will start their coverage at 7 a. m., about two hours before the planned take-off.

It is expected that all of the networks will stay with the story at least until 11 a. m., and longer if circumstances warrant. ABC, for instance, does not know—and will not—whether it will stay on the story for one orbit or three before returning to regular programming.

As usual, basic coverage of the launching is a prestige operation by the three networks, with each assigning its top news staff men to reporting the running story and filling in the dull moments with assorted interviews and demonstrations. NBC will show the takeoff in color.

Once the Gemini-Titan mission is whirling around the globe, all networks plan hourly reports on its progress, plus more thorough updating during all news programs. In addition, each network will have a 15-minute special program nightly from 11:15 to 11:30 (EDT).

For the first time, a TV pool representative will be permitted to travel in the rescue helicopter when it goes to the astronauts after the Monday morning splashdown, so recovery pictures will be received sooner than before.

**FLYING FLICKA**—It's age-old custom, not an exuberant outbreak of Scandinavian spring fever, that prompts fellow students to send this Swedish coed, bouquet and all, into orbit. It's their way of congratulating the "Flicka" (girl) for passing the matriculation exam at Stockholm University.

## Living Costs Up In April

WASHINGTON (AP)—Living costs rose three-tenths of one per cent in April, the biggest monthly jump since last July, the Labor Department reported.

Increases in the cost of food, clothing, transportation and medical care boosted the consumer price index to 109.3, a new high.

This figure means that in April it cost \$10.93 to purchase typical goods that cost \$10 in the 1957-59 base period.

The increase was the largest for an April since 1960.

Asked if the rise was unusual, Deputy Asst. Commissioner Sidney A. Jaffe of the Bureau of Labor Statistics said:

"It's a little out of balance, but not tremendously."

## Highway Work Ordered Halted Over Holiday

LANSING (AP)—Construction crews working on state highways have been ordered to stop work at noon today to clear the way for Memorial Day weekend traffic.

Highway Department Director Howard Hill urged motorists to drive with extreme caution in construction areas.

Heavy traffic is anticipated in 7.6 miles of I 94 in Berrien County where a new lane is being added.

There are 14 bridges under construction in the area and part of the stretch will be one-way driving only.

Another large construction area is U. S. 41 for 16 miles from Powers south in Menominee County.

## Hospital Lobby Proves Costly

LANSING (AP)—Two investigations of lobbying activity are in store for the semipublic Peoples Community Hospital Authority.

A subcommittee of the House Policy Committee will take a close look at the reported expenditures of more than \$186,000 over a 10-year period by Kenneth Gremore, executive director and registered lobbyist for the authority which runs four public hospitals in Wayne and Washtenaw counties.

In answer to a request from Gov. George Romney, Atty. Gen. Frank Kelley has pledged a fast report on the activities of the state-created agency.

His investigation already is underway, Kelley said.

The House killed a resolution, sponsored by Reps. Charles Gray, D-Ypsilanti, and Vincent Pettipren, D-Wayne, calling for an investigation. But it passed a broader resolution authorizing the policy committee to conduct an exhaustive probe of lobbying in general—with an eye to new legislation to control special interest activities.

And Rep. George Sietsema, D-Grand Rapids, vice chairman of the committee, pledged that the first order of business would be a subcommittee investigation of the authority.

Romney asked Kelley to determine whether there were any violations of state law involved.

"The alleged expenditures are of such a size, in my opinion, to warrant further investigation by your office," Romney said.

"I share your concern as to the allegations made," Kelley responded, "especially since every penny spent by the authority represents public funds received from taxpayers."

A House source close to Speaker Joseph Kowalski, D-Detroit, said "One reason for not allowing this (separate) investigation is that we feel that all lobbying activities should be investigated by a representative body of the entire House."

"Otherwise," he added, "we could have 110 members requesting 110 investigations into 110 special interests. We also must come up with legislation to cover this field—something which could not be done with investigation of one lobby."

## Governor Will Name New Head Of State Police

LANSING (AP)—Gov. George Romney said Thursday he will name a new state police commissioner next week to succeed Joseph A. Childs who has indicated he plans to retire.

Romney, at a news conference, declined comment on a Detroit News story that he would appoint Capt. Fredrick Davids, commander of the Detroit state police post, to the \$20,000-a-year commissionership.

Davids and his wife spent about a half-hour with Romney Wednesday. The governor, asked about his choice, said he has met for as long with other candidates for the \$20,000-a-year job.

"We've got a lot of top men to choose from," he said.

Commissioner Joseph Childs said earlier this year he planned to retire by his 56th birthday, Aug. 28. Childs is not required to retire but has enforced a retirement-at-56 policy among his subordinates and believes he should adhere to it himself.

## General Rejoins Bolivian Regime

LA PAZ, Bolivia (AP)—The ruling military junta has restored its armed forces commander to the co-presidency of Bolivia following his negotiation of the truce that ended a week of bloody fighting between the army and rebellious tin miners. Gen. Alfredo Ovando returned to the post he shared briefly with Lt. Gen. Rene Barrientos last November after the overthrow of President Victor Paz Estenssoro. Public demonstrations forced Ovando to step down, leaving Barrientos in the presidency.

A few mines resumed work Wednesday, but most of them were still idle.

## Rapid River Seniors River Class Night

RAPID RIVER — Rapid River High School seniors observed traditional class night Tuesday evening. The program opened with the president's address by Bill Wickham, class president. The original skit entitled, "Bert's Bungalow — Burial on the Bay," had the entire class in the cast. Each class member portrayed himself in later years of life which provided an entertaining evening for the audience. The skit was directed by Mrs. Clifford Gillis.

The classmates sang a song, written by Deanna Dutton, Linda Greenlund, Barbara Oberg and Esther Bacsik, which told of the years at school. Kathy Viaw, Mike Larrabee, and Kris Johnson read the last will and testament. Humorous gifts were presented to each class member by Deanna Dutton, Linda Greenlund and Dianne Johnson. The class history complete from 7-12 years was read by Jim Micheau, Barbara Oberg, Sandi Micheau, Dawn Mills, Cheryl Talvite and John Stone. The evening drew to a close with the reading of the class poem by Bill Wickham and Pete Peters. A gift of appreciation was presented to Norman Slough for his six years as class adviser. The presentation was made by senior president, Bill Wickham.

## Former Butcher Faces Sentence In Huge Fraud

NEWARK, N.J. (AP) — Anthony (Tino) De Angelis, 49, former butcher, faced sentencing today in connection with one of history's biggest commercial frauds.

De Angelis, 49, built a vegetable-oil refining empire that collapsed 19 months ago with a crash that resounded through banks, brokerage firms and commodity companies on both sides of the Atlantic.

He had been free on bail since pleading guilty Jan. 8 to three federal counts of circulating forged warehouse receipts. He also admitted conspiring to circulate \$100 million worth of fraudulent warehouse receipts over five years.

### Stocks Non-Existent

The maximum possible sentence is 35 years in jail and a \$35,000 fine.

The warehouse receipts, normally used in business as certificates of collateral to borrow money, listed huge stocks of vegetable oil that De Angelis did not have. The receipts wound up in bank vaults across the country and overseas. And they served to generate a flood of borrowed money.

When De Angelis' Allied Crude Vegetable Oil Refining Corp. plunged into bankruptcy on Nov. 19, 1963, it was found

the warehouse receipts he used for loans claimed to represent more vegetable oil than the government had listed for the entire nation.

Creditors who flocked to Allied Crude's Bayonne, N.J., plant to claim the food oil on which they had loaned money instead found mostly empty storage tanks or tanks filled with salt water. Of 1.8 billion pounds of commodities supposed to be in the tanks, only 60 million pounds were there.

### Firms Bankrupt

The victims included De Angelis' chief broker, Ira Haupt & Co., a prominent firm that was liquidated by the New York Stock Exchange. The exchange put up \$9.5 million to save many of Haupt's 20,000 other customers from loss of cash or securities they had left with the firm.

American Express Co., was hit with \$144 million in claims by holders of warehouse receipts. A subsidiary, American Express Warehousing Ltd., had the job of guarding commodities stored in the tanks and of issuing warehouse receipts.

American Express Warehousing was one of about 15 firms that filed for bankruptcy as the scandal unfolded.

And De Angelis said he, too, was personally bankrupt.

It is still not clear how De Angelis managed to win acceptance of receipts for nonexistent commodities.

Four other men were indicted with De Angelis on the federal charges. They are Benjamin Rotello, Allied Crude controller; Leopold Braconeri, Allied's former plant superintendent; Richard Rees, another Allied employee; and John Bongardino, a former employee of American Express Warehousing. Presumably all will face trial.

### Agreement

MIDLAND (AP) — Tentative contract agreement was reached Thursday between Local 12934, United Mineworkers, and Dow Corning Corp. here. The old contract expired May 24 but was extended until June 5. No details of the tentative contract were disclosed.

## Northland Man Injured When Thrown From Car

A 69-year-old Northland man escaped serious injury Thursday when he was thrown from a spinning car on Co. R. 426, Marquette County.

State Police said Hattie Gillespie was taken to St. Francis Hospital by ambulance after the accident. He was reported in "good" condition today.

Troopers said Gillespie was a passenger in a car driven by Herbert Gillespie, also of Northland. Officers said the car went off onto the right shoulder, spun around and crossed to the left side of the road. Hattie Gillespie was thrown out of the car as it spun, police said.

Troopers ticketed Herbert Gillespie for violation of the basic speed law, too fast for conditions, and for no operator's license.

## Briefly Told

State Police ticketed the following motorists Thursday: Lawrence Pardee, 1206 Wisconsin Ave., speeding and expired operator's license; Louis Van Elsacker, Northland, improper registration on vehicle and driving while license revoked.

Two deer were killed in separate accidents with automobiles reported to State Police Thursday. Ben Aicher, Minneapolis, struck a deer at 9:45 a. m. yesterday on US-241 at Pine Ridge and Stenley Thorsen, Dearborn Heights, Mich., struck a deer at 3 a. m. Wednesday on US-12, about 1 1/2 miles east of Nahma Junction.

### Adventist School Graduation Held At Wilson

WILSON — Eighth grade graduation exercises were held at the Seventh-day Adventist Church School in Wilson Wednesday night. The six graduates are Nancy Berger, Jerry Kroehler, Beverly Lanaville, Daniel Lanaville, Larry DeGrave and Lance Mack.

The class aim was "Attempt Great Things For God," and the class motto was "Expect Great Things From God." The speaker at the exercises was Elder Adrian Zytoske, Madison, former teacher at the Wilson School, and presently Young People's leader in the State of Wisconsin. Elder Zytoske and family will leave in August as a missionary to Korea.

During the program each graduate presented his mother with a white carnation. Nancy Berger presented the class gift of a clock for the school to Donald Olds, school principal. A quartet, Nancy Berger, Beverly Lanaville, Lance Mack and Larry DeGrave, sang several numbers. Mr. Schutt, eighth grade teacher, presented the diplomas. The program was followed with the presentation of a farewell gift to Mr. Schutt, who is leaving the Wilson school faculty shortly.

## Cub Pack 445 Meeting Held At Bark River

BARK RIVER — The Bark River Cub Scout Pack 445 held its monthly meeting Monday evening at the Bark River-Harris Elementary School and opened with a question and answer ceremony by Cubmaster Philip Norman and the pledge to the flag.

Den 3 retained the traveling trophy with the most parents present. Registration cards were presented for the new charter year to all the committeemen, Den Mothers and Cubs. Kris Erickson was awarded a silver arrow and Robert Bash a gold arrow. Cubmaster Norman conducted an advancement ceremony with Cubs Theodore Bash, Robert Teal and Philip Norman, Jr., advanced to the Lions rank.

Theme for the month of May was "My Home Town" and the pack slogan was "Boost Bark River." A live television program on this theme was presented by Den 2. James Ray was the announcer and members of the panel were Robert Teal, chairman, Philip Norman, Bruce Bell and Theodore Bash. Each panelist told why he liked Bark River. The "commercials" were given by James and Robert Bash, Joseph Knauf; a poem, Robert Teal. Camera man was Kris Erickson. Den Mothers are Mrs. Theodore Bash and Mrs. Jack Erickson. Cubs were told to report at 2:15 p.m. on Memorial Day to march to the cemetery. The summer program was outlined by Cubmaster Norman with the Pack meetings to be held outdoors for the three summer months. Norman asked for the cooperation of all parents during the summer in taking the Cubs on hikes, picnics, swimming, etc. The meeting closed with the reading by Cubmaster Norman. Lunch was served by the Den 3 Mothers.

## Social-Club

Bishop Noa Home

This week's activities at the Bishop Noa Home were highlighted by a social with games and a conducted tour of the Home. The regular social was sponsored Thursday evening by the Altar Society of Holy Family Church, Flat Rock. This afternoon Lyle Plowman of Bay de Noc Community College headed two classes of approximately 60 students who were given a conducted tour by the Sisters of St. Paul and other members of the staff.

Open sandwiches taste wonderful when they are made of sliced bread, ham and tomatoes topped with mayonnaise mixed with grated cheddar cheese. Toast the bread lightly before making the sandwiches. After the "filling" is arranged on the bread, put the open sandwiches under the broiler to heat and have the topping puff and brown.

Ever add a suspicion of celery salt to butter-seasoned whole kernel corn?

Comfort Tops  
List Of Needs  
In Dining Room

Planning to buy a new dining set for your kitchen or dining room? Then keep in mind that comfort, convenience, and adaptability are things to watch for, as well as good looks and sound construction.

To guide homemakers in choosing a dining set that will stand up under this use and still look good after many years, here are some shopping tips.

Before you even start shopping, try to determine what size and what shape you need. Size will depend mainly on the size of your family and the eating area for which you are buying the table. Ideally, there should be at least 24 inches for each diner. With a round or oval table, however, you may find that less space per person works out comfortably.

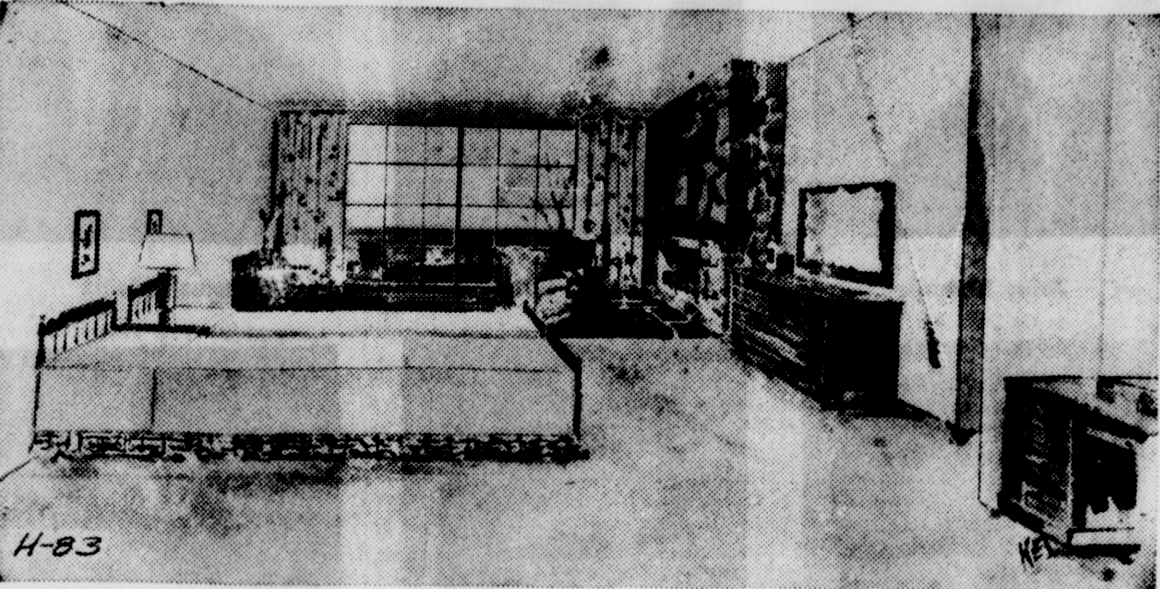

If size requirements vary at your house, look for a table that can expand through the insertion of leaves or the raising of drop leaves. Shape must be determined by your particular dining area. A rectangular table fits into almost any kitchen and can even be pushed against a wall, if necessary. A round or octagonal table requires a nearly square floor area. If you have a narrow traffic aisle to cope with, consider a harvest table with its long, narrow drop-leaves.

More apples are produced in the United States than in any other country.

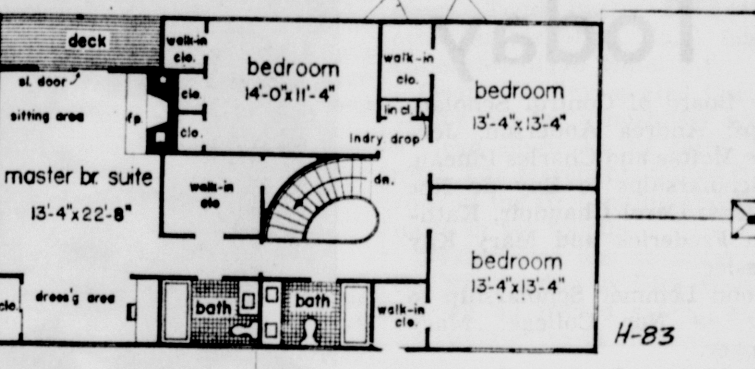

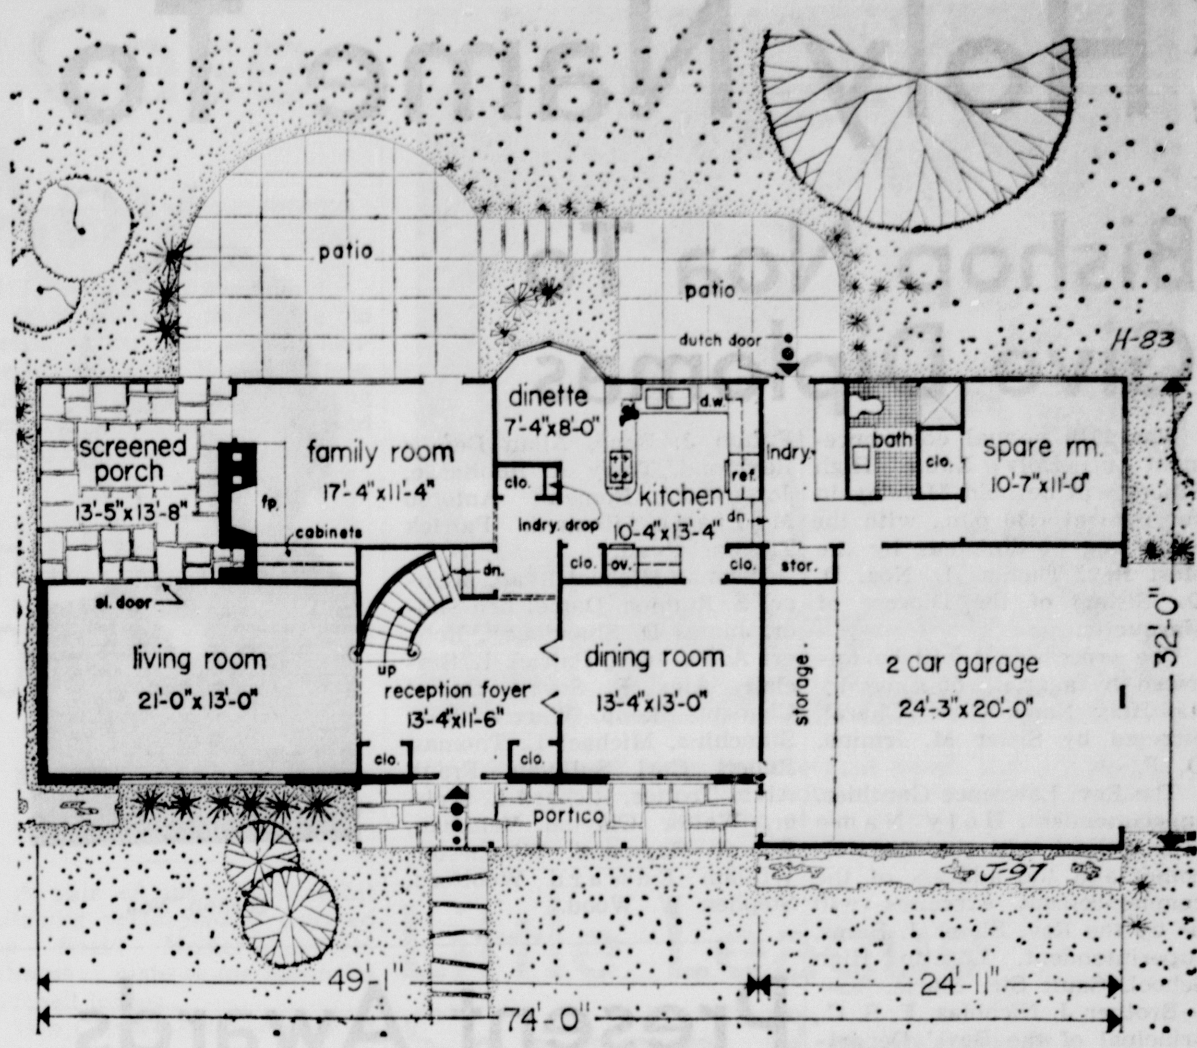

DESERVED POPULARITY: It's understandable why this was the most popular two-story house of the last five years. Subdued, dignified lines give it a simple beauty matched by the excellent arrangement of the rooms for comfortable living.

Has Quiet Elegance

LUXURY SUITE: This master bedroom has a dressing area, from which this view was sketched, a stone fireplace a lounging area, an outdoor deck, a huge walk-in closet and a large bathroom.

FLOOR PLANS: In addition to the good traffic circulation, this design answers the continual cry for more closet space; it has seven closets on the first floor and eight on the second, not counting bulk storage space.

By ANDY LANG

If you have been following the House of the Week series, you know that a few months ago we discussed the most popular house presented in recent years. It turned out to be a one-story, three-bedroom house with an upstairs expansion

**H-83 STATISTICS**

Design H-83 is a nine-room two-story house with 1487 square feet of living area on the first floor and 1310 on the second, not including the garage, screened porch, front portico and upstairs deck. Its overall dimensions are 74' by 32', inside of which are a family room, dining room, family room, kitchen and dinette, laundry and a spare room that can be used for a bedroom or den. Upstairs are four bedrooms and two large baths.

area designed to accommodate four additional rooms. In doing that research, we also discovered some other houses which enjoyed unusual popularity. One of them, almost as popular as the most popular house, was, without a doubt, the most popular TWO-STORY home in the last five years. Traditional in style, with a quiet elegance, its features are so tasteful basically that it is hard to see how it could ever lose its appeal.

The air of gracefulness is im-

mediately apparent as one moves under the arched portico and opens the front door. What better welcoming sight than a foyer as large as some living rooms and a sweeping grand staircase? The living room itself is to the left and features a massive front window, yet still has plenty of wall space for imaginative decorating. Sliding glass doors with small panes, in keeping with the traditional flavor, lead to a screened porch beyond.

The porch also connects to the family room, providing a gradual integration of formal and informal areas. Architect Samuel Paul has added rustic, homey charm to the family room with a large stone fireplace and a broad stone hearth. The chimney wall rear, which is on the porch, has a place for log storage. Another excellent feature of the family room is a bank of cabinets.

Other first floor rooms include a dining room, a kitchen and dinette, a spare room that can be used as a den or bedroom, a bath and a laundry. This floor contains 1487 square feet of living area which, of course, does not include an over-sized, two-car garage. There's a 17'6" by 5' storage area in the garage for bicycles, garden tools and any other equipment that doesn't have to be brought into the house.

The U-shaped kitchen work zone is a step-saver. A counter separates the sunny dinette, which projects into the rear with a glass bay. There's a Dutch-door service entry at the laundry, which also has a door to the garage.

Each of the four upstairs bedrooms is sized for twin beds and all have walk-in closets. The master bedroom's walk-in is 62 square feet, including a triangular area behind the stair wall. There also is a sizeable dressing area with another closet, as well as a bath separate from the regular bedroom floor bath. But the big feature of the master bedroom is a sitting area complete with a large stone fireplace and an outdoor deck overlooking the rear terrace.

The straightforward plan of the rooms, devoid of costly jags and bumps, is duplicated on the outside of the house. There are no architectural frills. But there's true refinement in the exterior styling, with its blending of stone veneer and wood shingles.

Already proved popular, this house is likely to remain that way indefinitely.

A handy and valuable booklet, "Plumbing Care & Repair," is available for 15c from the Plumbing-Heating-Cooling Information Bureau, 35 East Wacker Drive, Chicago.

Adhesive Gives  
Decorator Lift  
To Dark Corners

Spring is a wonderful time to give a decorating lift to some of the out-of-the-way spots like closets and dresser drawers.

Bright touches in these corners, even if they are seen only by you, can perk up your spirits all year-round. Best of all, you'll need only scissors and a roll of plastic-coated adhesive covering.

First, eliminate clutter and add color by covering old hat and shoe boxes with the adhesive covering in a sprightly pattern. Label each box, or cut a window in one end and tape clear plastic to the opening.

Extra boxes are perfect containers for out-of-season scarves and gloves. Cover closet

shelves with a vivid solid color to coordinate with the box pattern.

Frame the inside of your closet door with a band of adhesive covering. Then attach hooks inside the frame for hanging belts, pajamas, or robe.

Cardboard or wooden boxes can be covered to hold gloves, lingerie, hose, or hair rollers in your dresser drawers. Use boxes with or without covers. Line drawers with matching drawer lining paper.

The adhesive covering is easy to use. Cut to size, remove paper backing, and press into place. Because it is plastic-coated, it can be wiped clean repeatedly with a damp paper towel.

To test for rust in piping, abruptly turn on a full force of water at several fixtures at once.

with Ray Crandall

Mike Gafner, senior pitcher on Coach Harold Johnson's Escanaba Eskymo baseball team, compiled an impressive record this spring. . . . The veteran righthander made four starts for the Eskymos, hurled four shutouts for a scoreless earned run average and fanned 44 batsmen. . . . Gafner gave up 14 hits and granted seven walks in his 28 innings of mound work.

If you're a track and field enthusiast, don't miss the Champion of Champions prep meet at Newberry Saturday. . . . You've never seen such a star studded list of runners and jumpers assembled at one spot in the Upper Peninsula. . . . The 440 yard dash, the half mile and the mile event are loaded with standouts, as are both hurdles races. . . . Art Allen has a field of about 120 boys entered and every one is a champion in his own right.

Allen Erickson, who will work with Al Ness on the coaching staff of the Esby Cubs baseball team this season, was a star on that same team 10 years ago when Escanaba won the state American Legion baseball championship. . . . Erickson was a catcher on that team and also starred at Escanaba High School and Western Michigan University before signing a professional contract with Ray Lucas, scout for the San Francisco Giants. . . . He spent four years in the Giants' organization as a catcher, first baseman and outfielder.

Bill Uren, veteran Iron Mountain softball pitcher, joined the growing ranks of no-hit performers this week in a 2-0 gem for the Credit Union team over Edwards Autos. . . . He didn't grant a walk and fanned four batsmen.

Jerry Belongie of Ontonagon was the top shooter in the first Upper Peninsula Field Archery Association tournament staged at the Tomahawk Bowmen's range in Ishpeming. . . . Belongie fired a 443 total to top the Class A Free Style division.

Ron Champion came up with Marquette's first softball no-hitter of the season in a Marquette Major League game this week. . . . Champion tossed the CCI team to a 10-0 victory over Casino Bar, facing only 23 batsmen and fanning 10 of them.

Trenary got off to a successful debut in the Lake Superior baseball league with a 3-2 decision over Skandia behind Sonny Pasanen's three hitter. . . . Jerry Hytinen belted a solo homer and Murray Blair rapped a two run double to account for all of Trenary's scoring.

Jim Olson of Ishpeming, medalist in the Upper Peninsula high school golf meet at Manistique last weekend, is one of the outstanding young golfers in the U.P. . . . He was a finalist in the Ishpeming Wawonwin men's tournament last year, bowing to Warren Farley in the championship game. . . . In a regular prep triangular match at Manistique earlier this season he shot a blazing 18 hole 72. . . . He'll be back in action in the Great Lakes Conference meet at Ishpeming Friday.

Top beagle in the 15 inch female division at the Northland Beagle Club's 14th annual licensed field trials in Iron Mountain was Esby Rose, owned by Matt Lewis of Escanaba. . . . Others whose hounds paced among the top winners were Allen Hendrickson, Jerry Dupont and John Mackie.

# Chance Has Serious Case Of Outs--Can't Get Any

By The Associated Press  
Did somebody ask what was wrong with Dean Chance? It's obvious. Just a serious case of outs. He can't seem to get many.  
Chance, the Cy Young Award winner last season, continued his 1965 slide Thursday, absorbing his worst pummeling in two seasons as Washington battered Los Angeles 9-6.  
It was the fourth straight loss for Chance in just over two

weeks and left the Angel swiftly with an inflated 4.72 earned-run average.  
The only thing swift about Chance against the Senators was the time it took Washington to knock him out. The Senators assaulted him for seven runs and eight hits in 2 2-3 innings.  
You have to go back to May 12, 1963, for a similar assault on Chance. That day he gave up five runs in 1 1-3 innings against the White Sox.  
Chance, who said he was worried after dropping his third straight last week, must be terrified today following his nightmarish encounter with the Senators.  
Elsewhere in the American League, Boston dropped Min-

nesota out of first place, blanking the Twins 2-0 and Detroit tagged New York 4-1.  
Pittsburgh's game at Philadelphia was postponed by rain in the National League and Kansas City's visit to Baltimore was rained out in the AL.  
Chance has given 32 earned runs in his 11 appearances and has barely resembled the 20-9 pitcher he was a year ago. Dean started with three straight victories but has failed to win in his last five starts.  
A two-run triple by relief pitcher Marshall Bridges knocked Chance out in the third as the Senators exploded for six runs. Joe Cunningham and Frank Howard homered for Washington with Howard's shot landing off the mezzanine 460 feet from home plate in D.C. Stadium.  
The Twins, who had eight homers and two victories in their first two games against the Red Sox in Fenway park, ran into Dave Morehead. The youngster limited the heavy-hitting Twins to three hits until the ninth inning but got into a jam by loading the bases on three walks after striking out Harmon

Killebrew to open the inning.  
Dick Radatz, ineffective in relief so far this season, lumbered out of the Boston bullpen and ended the threat by fanning pinch-hitters Don Mincher and Sandy Valdespino.

## Hurlers Toss One-Hitters

Thursday Results  
Merchants 10, Hall Ins. 0  
No. 1 Mead 2, Michigan Hotel 0

A pair of sparkling one-hit pitching performances warmed up frigid Memorial Field Thursday night in the Escanaba softball league.  
Bob Corriveau flipped one of them as his Merchants whipped Hall Insurance 10-0 in five innings. Todd Butler fired the other as his Mead No. 1 team edged Michigan Hotel 2-0.

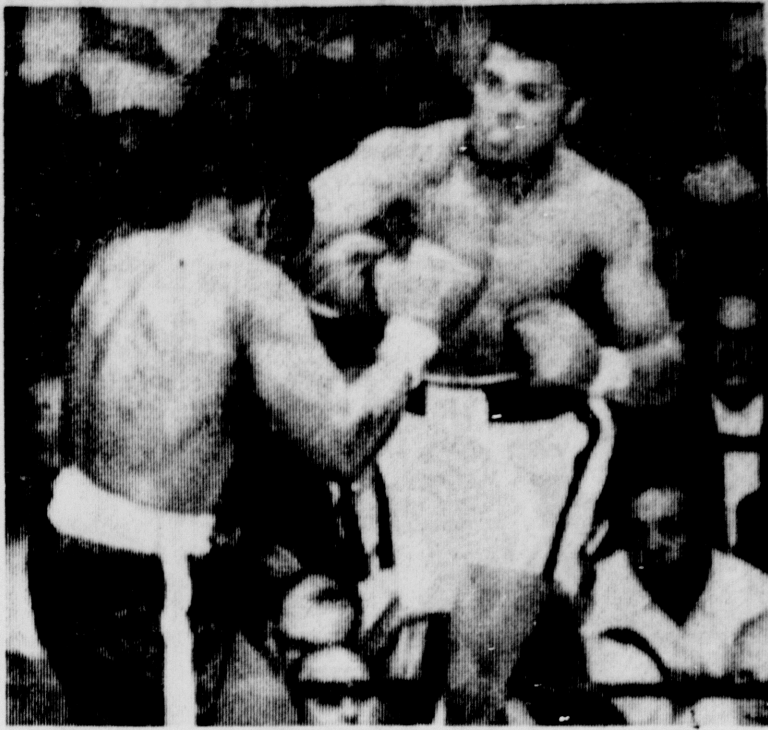

George Artley spoiled Corriveau's bid for a no-hitter with a clean single in the third inning. The Merchants tallied five runs in the first inning and five more in the fourth.  
Butler lost his no-hitter in the first inning as Dick Bizeau rapped an infield safety. Butler chalked up 14 strikeout victims.  
Mead came up with two runs in the fifth on a bunt by Bill Lancour, triple by Rodger Miron and another bunt by Jim Almonroeder off Harold Porath who lost with a three-hitter.

## Wilson Team Wins Opener

Wilson and Perronville won opening games in the Tri County League, beating Shafter and Hardwood.  
Wilson defeated Shafter 29-5 and Perronville downed Hardwood 5-2.  
This Sunday's schedule will have Perronville at Shafter and Wilson at Hardwood. The games will start at 2.

## Yesterday's Stars

By The Associated Press  
PITCHING — Joe Sparma, Tigers, set the New York Yankees down on five hits while striking out nine in Detroit's 4-1 victory.  
BATTING — Dick Schofield, Giants, drove in three runs with a double and a single in a 9-2 triumph over Cincinnati while lifting his average to .389 in five games for his new San Francisco teammates.

# Little League Season Begins Here Saturday

With David Moberg on the hill, Kiwanis will be tough to beat. Moberg had the top won and lost record in the league last year and was undefeated including tournament play as an 11 year old. It is generally considered that Lions manager Lloyd Lindstrom came out of the auctions with one of the best group of young players, and if they could find the pitching strength they might surprise.  
Hit hard by graduation the champion Credit Union will find it rough going this year, but have a game winner in Dennis Lunenburg and should improve as the season progresses. The Bankers who have no where to go but up, have apparently added batting power and if they can find pitching from Cliff Arntzen, Bill Skradski, Jim Joran or Dick Mickietina they will move.

The Escanaba Jaycee Little League will open its 15th championship season Saturday afternoon with a triple header beginning with the Bankers facing V.F.W. at the Little League diamond. Lions and Kiwanis will clash in the mid-afternoon game immediately following the opener while Rotary and Kiwanis will meet in the night cap at 6.  
The defending champion Escanaba Credit Union opens its season Memorial Day at 1 against the Lions. Pre-game ceremonies and presentation of the championship trophy will be postponed until July 4th.  
Early season play indicates that the seven team loop will be well balanced this year with the Eagles, Rotary and V.F.W. stamped as the favorites. Both the Eagles and V.F.W. are loaded with 12 year old batting power and have strong pitchers in Tom Rader of the Eagles and Doug Howard of the V.F.W. Meanwhile Rotary manager John Chylek with a solid team is grooming the best 1-2 lefthanded throwing punch the league has ever seen in 10 year olds, Mark Irving and Rich Miller.

## Bolt Is Early Leader In 500

INDIANAPOLIS (AP) — The race for the \$15,700 top money in the \$87,500 "500" Festival Open Golf Tournament started like a poor man's parade, with veteran Tommy Bolt in the lead.  
Bolt, who took a one-stroke lead over six other hungry contenders by shooting a three-under-par 68 at Greentree Country Club Thursday, could nearly triple his previous take for the season by winning Sunday. His PGA winnings this year total \$5,140.

## Michigan Soph Batting Champ

CHICAGO (AP) — Outfielder Carl Cmejrek of Michigan and pitcher Steve Arlin of champion Ohio State won top honors in the Big Ten baseball race, official final statistics showed Friday.  
Cmejrek, a sophomore, captured the batting crown with 24 hits in 53 at bats for .453.  
Arlan matched a conference record with six victories without defeat, struck out a record 68 batters and pitched the most innings, 57 1-3.  
Another pitching record was set by Iowa's Bob Schauenberg. He established a season earned run average of 0.28 in 32 1-3 innings. The old mark was 0.40 by Illinois' Tom Fletcher in 1962.  
Michigan's Dick Shryer equalled a league mark in doubles with eight.  
Indiana took the team batting title with .275 and posted the best slugging percentage of .401. Minnesota was tops in fielding with .967. Iowa had a stunning 1.17 team earned run average and 10 complete games in 12 starts for pitching honors.  
Other department leaders were:  
Runs batted in — Schryer, 15; homers — Del Wilber, Purdue, 4; triples — two each for Cmejrek; Fred Nori, Indiana; Steve Juday, MSU; Jim Vopicka, Illinois; Russ Nagelson, OSU, and Dave Hoffman, Minnesota; stolen bases — Bo Rein, OSU, 8.  
Following Cmejrek in batting averages was Jerry Walker of MSU with .429.

## Titans Nipped By Ohio Nine

ATHENS, Ohio (AP) — Ohio University choked off a Detroit rally in the ninth inning Thursday with a 7-6 victory in the first round of the District 4 NCAA double-elimination baseball tournament.  
Ohio State defeated Ball State 4-0 in the windup of the twin bill.  
Tom Murphy, picking up his tenth victory of the season against no setbacks, needed relief help in the final inning when the Titans left two men on base.  
Ohio, now 28-1, meets OSU today. Detroit faces Ball State.  
The victory was the Bobcats' 22nd straight. Detroit led 5-3 but Ohio erupted for three runs in the fifth inning and was never headed.

## Sports In Brief

PARIS (AP) — Parry Byard, of Royal Oak, Thursday defaulted on his second round match in the French amateur golf tournament.  
EAST LANSING (AP) — Michigan State athletes and the student government have honored soccer coach Gene Kenney as MSU's "coach of the year" for contributions to Spartan athletics both on and off the field.  
Kenney's 1964 soccer team went undefeated until losing to Navy in the NCAA finals.

# Shortstop Swap Pays Off For Giants

By The Associated Press  
Shortstop Dick Schofield, the newest member of the Giants, was telling about shopping for a place to live in San Francisco.  
"A lady showed me a place and she wanted \$700 a month," he said.  
"She must think I'm Willie Mays,"  
Maybe the lady was doing him a favor. Mays is hitting .368. But Schofield is hitting .389 for the Giants.  
Schofield, who wound up with San Francisco in a shortstop swap that sent Jose Pagan to Pittsburgh, hit safely in his fifth consecutive game for the Giants Thursday, driving in three runs with a double and a single in a 9-2 victory over Cincinnati.  
The 30-year-old switch hitter

now has stroked seven hits, including three doubles, in 18 at-bats for the Giants. Pagan, who was hitting .205 when he was traded, has yet to play for the Pirates.  
Elsewhere in the National League, the first-place Los Angeles Dodgers edged Milwaukee 3-2, Houston whipped St. Louis 6-1 and the New York Mets outlasted the Chicago Cubs 8-5. The Pittsburgh-Philadelphia game was rained out.  
Schofield started his performance when he drew a walk in the third inning and scored on singles by Jesus Alou and Willie McCovey, putting the Giants ahead to stay 2-1. He then slapped a two-run single in a three-run fourth-inning uprising and ended the scoring with a

run-producing double in the eighth.  
The Dodgers won it in the ninth as Willie Davis singled, moved to third on an intentional walk and Jim Lefebvre's infield hit and scored when Denny Lemaster issued a walk to pinch-hitter Al Ferrara.  
Lemaster, now 2-5, locked in a pitching duel with Johnny Podres, 3-0, took a four-hitter into the ninth.  
The Astros put it out of reach against the Cardinals in the first two innings, scoring three runs with only two hits off Ray Washburn.  
Dick Groat's throwing error on an attempted inning-ending doubleplay in the second inning let in two runs after Houston had scored in the first when Ed-

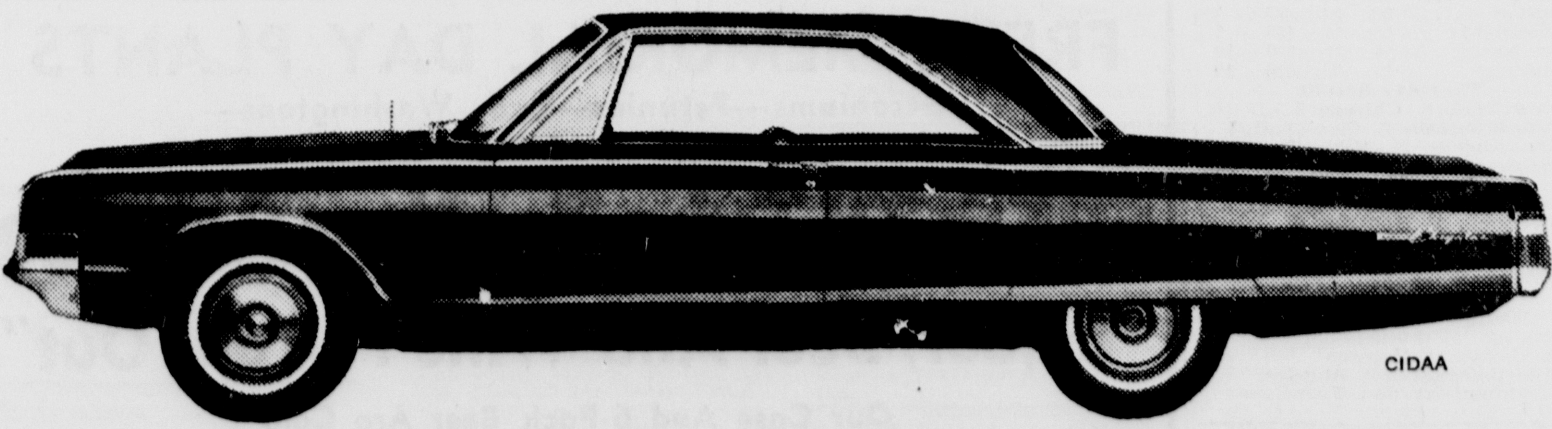

die Kasko doubled and came around on an infield out and Lee Maye's sacrifice fly.  
Jim Wynn hit his eighth homer for the Astros while Dick Farrell brought his record to 4-1 by scattering seven hits.  
Ed Kranepool, Johnny Lewis and Ron Swoboda drove in seven of the Mets' eight runs against the Cubs.  
Lewis doubled and Kranepool hit a sacrifice fly in a two-run first, Kranepool slapped a two-run double as the Mets made it 5-0 in the second inning and Swoboda stroked a two-run single that upped the bulge to 7-0 in the fourth.  
Harry Joyner of Wichita Falls, Tex., captains the West Point golf team.

Sparma Beats Yankees, 4-1

DETROIT (AP)—Joe Sparma has come a long way since spring training when he was just another pitcher for the Detroit Tigers trying to make the grade.

The fact that he almost didn't make the cut was one of Sparma's main topics of conversation Thursday night after he hurled a masterful five-hitter and beat the New York Yankees, 4-1.

Sparma came within an out of pitching a complete game against Baltimore last Saturday but didn't need any help against the Yankees as he struck out nine batters, top effort by a Detroit pitcher this year.

The Tigers scored a run in the first inning on singles by Don Wert, and Al Kaline. Wert reached second when he tagged up on a foul fly which was caught by Yankees catcher Doc Edwards who had to reach into the stands to grab it.

Swift called Wert's maneuver the turning point of the game.

Willie Horton followed Kaline's single with the first of his three singles.

Sparma retired the first 12 batters he faced. Mickey Mantle and Joe Pepitone opened the fifth inning with consecutive singles but Sparma struck out Tom Tresh and got Cleto Boyer to hit into a double play.

Tresh and Boyer singled with one out in the eighth but Sparma set down the next two hitters and kept out of trouble until Maris lofted his homer to left.

Whitey Ford, who left the game after pitching the first inning, was tagged with his sixth loss in nine decisions. Club officials said a circulatory ailment causes Ford to lose some of the feeling in his throwing hand in cold weather.

Ford said he "just didn't have it."

Sonny Too Dull For Fix: Clay

CHICOPEE, Mass. (AP) — According to heavyweight champion Cassius Clay, Sonny Liston "is too dull and too slow to be a fixer in a fight."

With that, Clay dismissed complaints that the Clay-Liston title bout at Lewiston, Maine, Tuesday night was fixed.

"Besides," he told a press conference Thursday at his pre-fight training camp, "if the fight had been fixed, Liston would have waited more than one round to make it look good."

The talkative Clay waived, "I'm wrong regardless of what actually happened."

He said he hit Liston "flush with all of my 206 pounds and they hated to give me credit."

He said, "Television can't show how solid a punch is thrown..."

Jerry West of the Los Angeles Lakers set a new National Basketball Association record by sinking 137 fouls in the recent playoffs. In 1950 George Mikan of Minneapolis made 134 free throws.

and from there will go to the Ford River Cemetery at 12:45, to the Schaffer Cemetery at 1:15, the Perronville Cemetery at 1:45 and the Bark River Cemetery at 2:15 o'clock.

The program at Bark River will begin at 2:30 and will include honor guard raising of the flag to half-mast, introduction by Commander Ed LeBeau, invocation, selection by the Bark River-Harris High School Band, roll call, a reading by Henry Gurosh, and an address by Arthur Brien.

Members of the Junior Auxiliary will place a wreath on the tomb of the Unknown Soldier, and Auxiliary program will be conducted, there will be a prayer by American Legion Chaplain Joseph Pach, a rifle salute by the Legion with Bernard Kleinman commanding, and taps will be sounded to mark the end of the program in honor of the war dead.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

Woman Named As Bank Robber

DETROIT (AP) — Hazel V. Foster, 47, an Oakland County maid, was arrested by the FBI Wednesday and named as the red-haired woman who robbed a Grand Rapids bank of \$2,100 and then escaped in a taxi.

Miss Foster, taken into custody at a Commerce Township home which employed her, was arraigned in U. S. District Court and held in \$10,000 bond until a removal hearing June 7 on a bank robbery charge.

The FBI said she was the woman with her hair in curlers and armed with an old-fashioned, pearl-handled revolver who took the money Tuesday from the Burton Heights branch of Central Bank at Grand Rapids.

An unwitting taxicab driver picked her up at her signal after the robbery and drove her to Dutton, a suburb of Grand Rapids. Police said she was traced through a Dutton address given by the cab driver.

Germfask Graduation

Cindy Orlich, daughter of Mr. and Mrs. George Orlich will be the valedictorian at Germfask eighth grade graduation June 3, and Gerald Latsch, son of Mr. and Mrs. Cecil H. Latsch, salutatorian.

**PTA Meets**

The PTA held a business meeting at Germfask Elementary School. It was reported that new playground equipment purchased by the PTA has been installed. Lunch was served by Mrs. Mary Williams, Mrs. Yvonne Magnusson and Mrs. Clara McLaren.

Mrs. Polimer Lawrence was hostess to a St. Jude Circle meeting at her home.

Lee Kelley of Kalamazoo, visited at the home of Mr. and Mrs. John Lustila Sr. and accompanied Mr. Lustila to Marquette for the Masonic Consistory reunion.

Mr. and Mrs. Donald Slusser of Milan, are visiting their daughter, Mrs. Vernon Lloyd Sr.

Mr. and Mrs. Frank Oaken motored to Sault Ste. Marie,

Kiwanians Get Set For Cakes

Pancake Days committees stepped up their activities in the Escanaba Kiwanis Club this week in preparation for their annual public flapjack feed, which this year will be June 11 and 12.

Donald J. Crawford is general chairman of the Kiwanis Pancake Days. Other committees include: publicity, Robert Barron, Ed Dahl, Dan Danielson; tickets, Lee Liljander; house committee, Al Brandt; Bill Mulvaney, Bill Van Effen; serving, John Mitchell; entertainment, Arol Beck; clean-up, Al Ness; head chef, Bill Hemes; procurement, Donald J. Crawford.

Mrs. and Mrs. Oaken remained for a few days' visit with her sister, Mrs. Etta Maltais.

Harold Gilman accompanied his son, Robert, of Flint to St. Paul, when the latter bowled in a tournament.
